Technical Specification Green Pin and ATM Limit

➤ For Registration on Green Pin Mobile App So Follow Given Instruction.

Registration Page

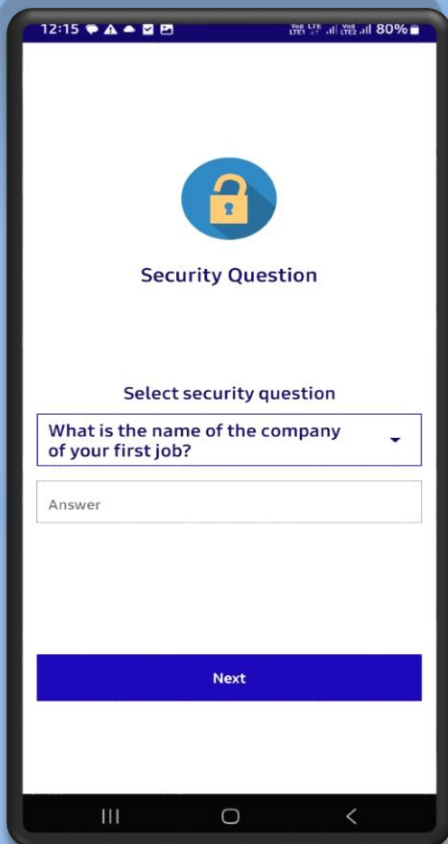

- The Registration page will open first.
- Enter your mobile number in the given field.
- After submitting your number, you will receive an OTP.
- It will redirect you to the OTP page.

Step 2 :

➤ After receiving the OTP, enter it in the input field and click the "OK" button.

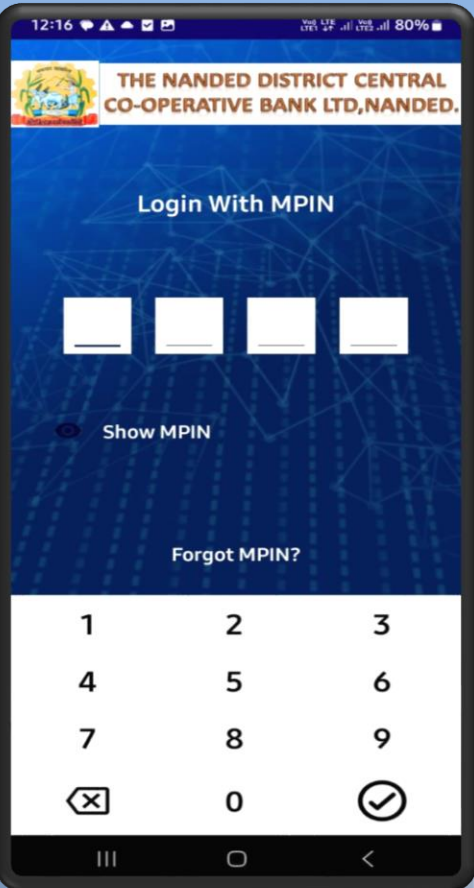

➤ After entering OTP it will redirect you to the Security Question Page.

Step 3 :

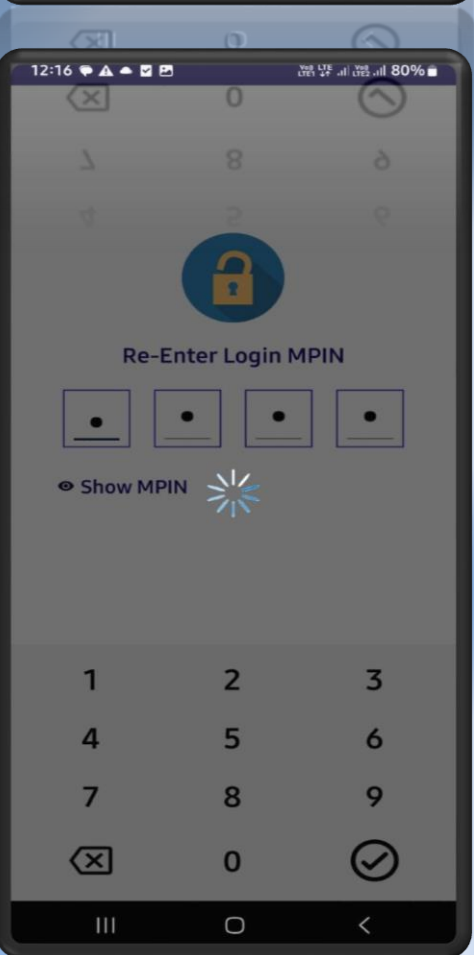

➤ On the Security Question screen, select a question and provide your answer.

➤ Once you've entered the answer, click the Next button to proceed with creating a new MPIN.

Step 4 :

- On the Create New MPIN screen, enter a 4-digit number of your choice to set as your MPIN.
- After entering the MPIN, click the OK button.
- You will then be redirected to the next screen, where you'll need to re-enter the same MPIN to confirm it.

Step 5 :

- On the Re-Enter MPIN screen, enter the same 4-digit MPIN you set on the previous screen.
- Once the MPIN is confirmed, you will be redirected to the Login Page.

☑ Login Page

Step 6 :

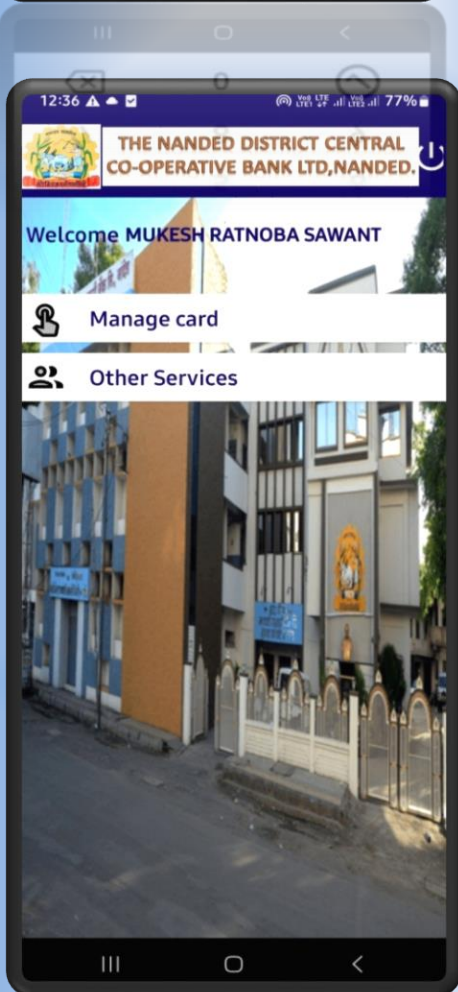

- On the Login Page, enter the MPIN you created earlier.
- You will see options like Show MPIN, which displays the MPIN as you type, and Forgot MPIN, which allows you to reset your MPIN if you've forgotten it.
- After successful login, you will be taken to the Home Page.

☑ Home Page

Step 7:

- On the Home Page, you will see various options on the screen, such as Manage Cards and Other Services.

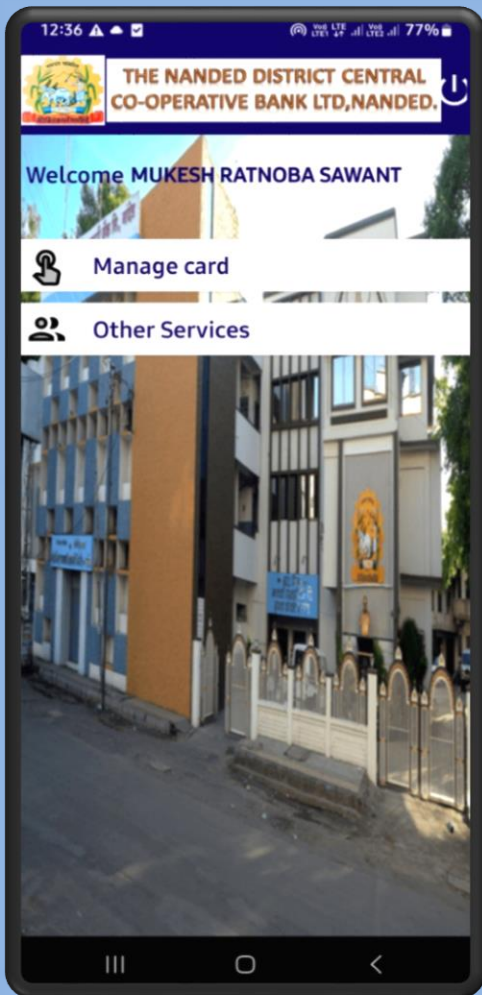

Manage Cards

Step 8 :

- On the Home Page, tap on Manage Cards to open the Manage Card screen.

Step 9 :

- On the Manage Card screen, you can view your Account Number and Card Number.
- This screen offers two options: Block/Unblock Card and Green PIN/Reset PIN.

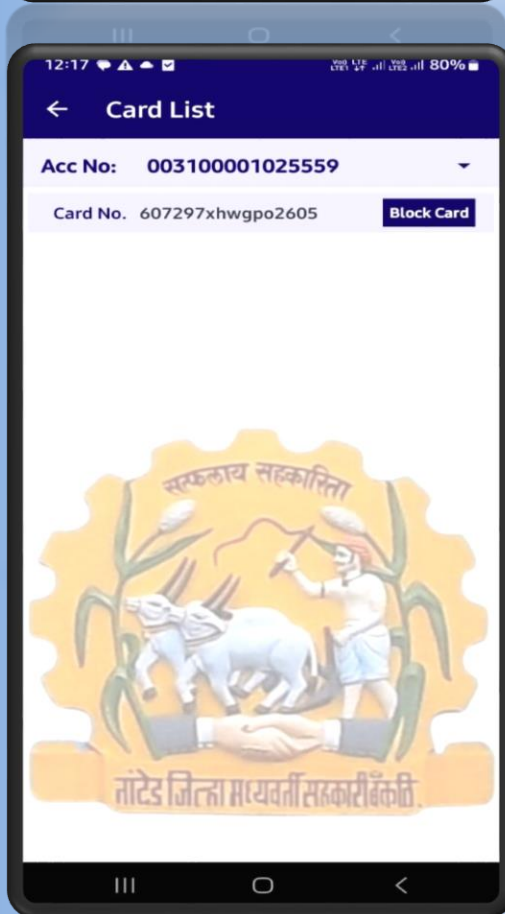

☑ Card List

Step 10 :

➤ When you click on Block/Unblock Card, you will be redirected to the Card List page as shown in the next step.

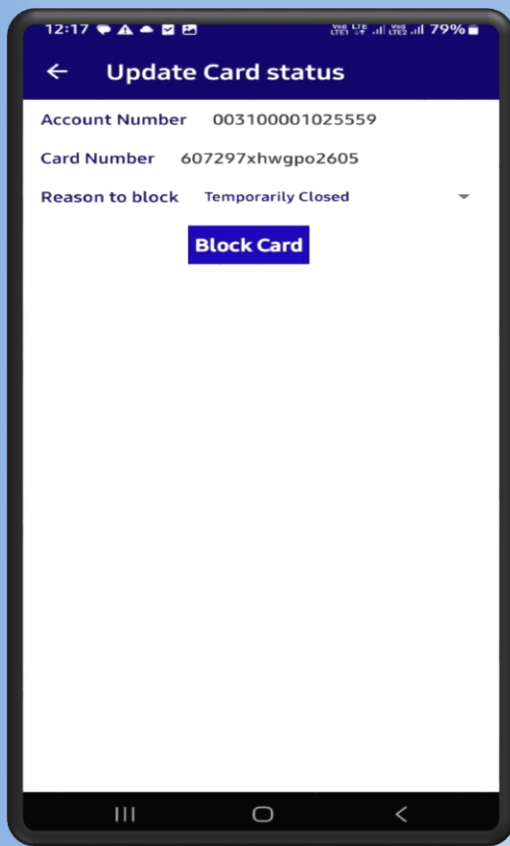

Step 11 :

- On the Card List screen, you will see the Block Card option.
- Clicking the Block Card button will take you to the Update Card Status screen.

☑ Update Card status

Step 12 :

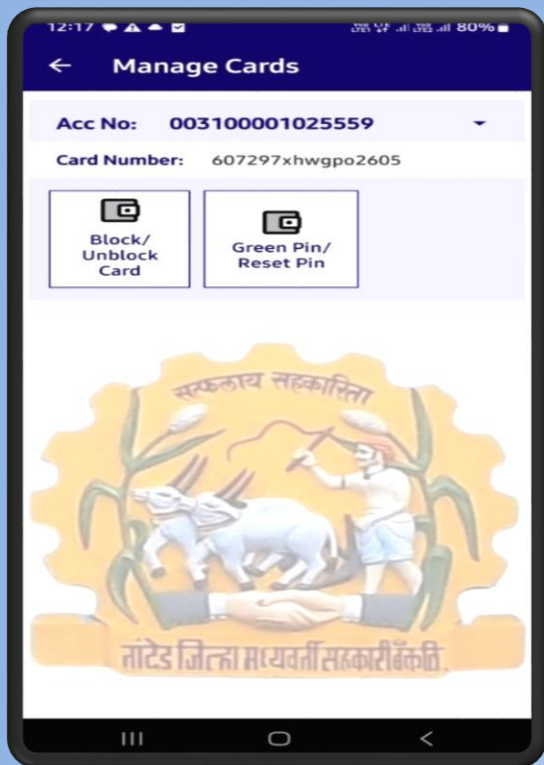

- On the Update Card Status screen, you will see the Block Card button along with two options: Reason to Block and Temporarily Closed.
- To block your card, you must provide a reason for blocking.

Step 13 :

- After selecting the reason for blocking your card, your card will be blocked.
- The screen will display the Block Status and the Reason for Blocking.

☑ Green Pin

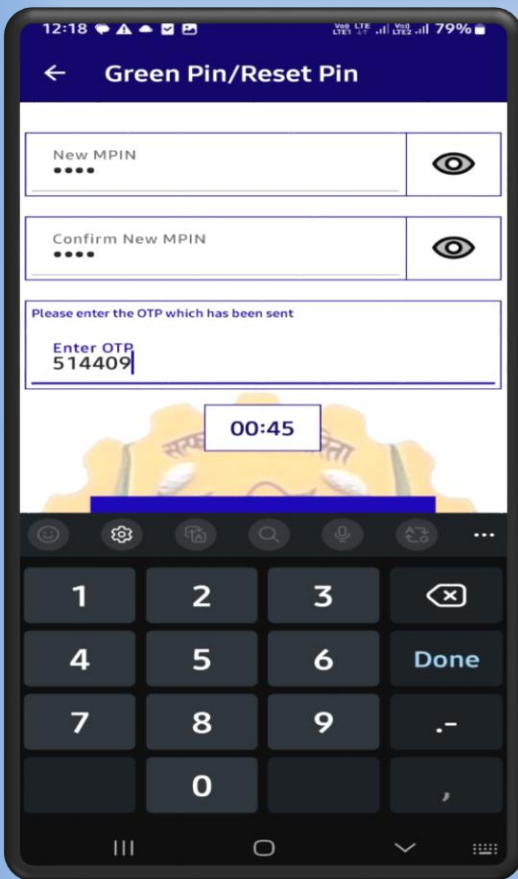

Step 14 :

- On the Manage Card screen, clicking the Green PIN / Reset PIN button will take you to the Green PIN / Reset PIN screen.

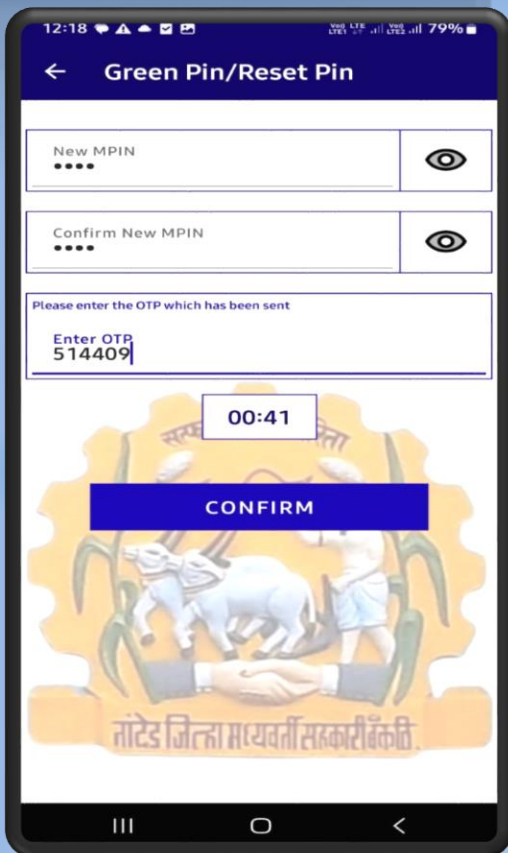

Step 15 :

- On the Green PIN / Reset PIN screen, you can set a new card PIN.
- Enter your new MPIN, and then confirm it by entering the same MPIN again.
- After confirming, click the Proceed button.

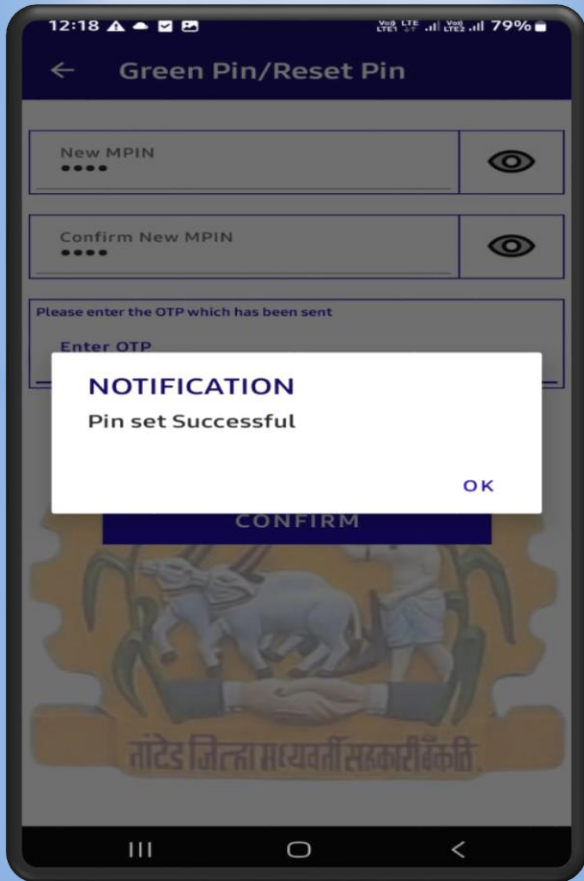

Step 16 :

- After clicking the Proceed button, an OTP will be generated.
- On the Enter OTP screen, enter the received OTP.
- A timer will be displayed, showing how much time you have left to enter the OTP.

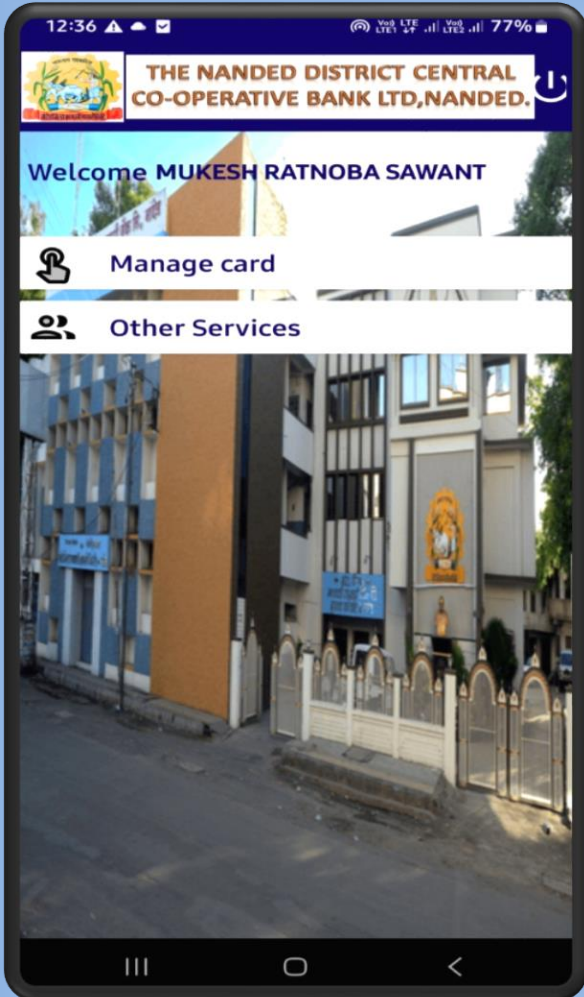

Step 17 :

- After entering the OTP, click the Confirm button.

Step 18 :

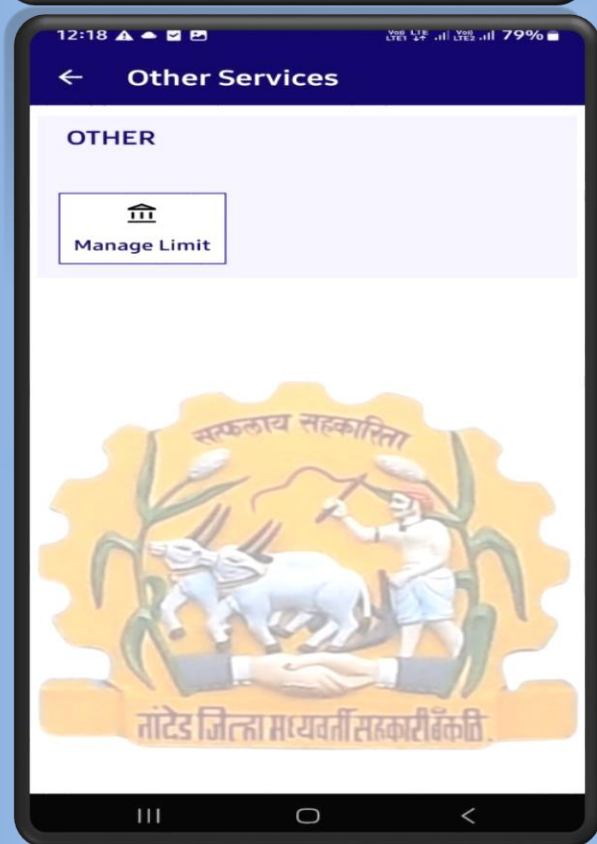

- After clicking the Confirm button, a notification will appear confirming that the PIN has been set successfully.

☑ Other Services

Step 19 :

- On the Home Page, clicking on Other Services will open the Other Services screen.

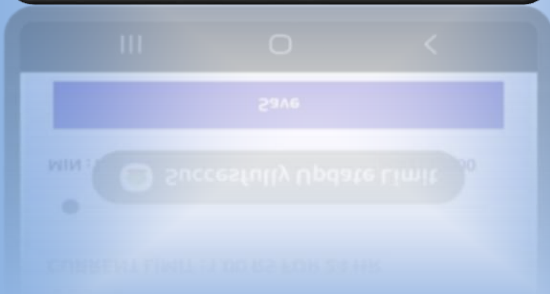

Step 20 :

- On the Other Services screen, there is a Manage Limit button.
- Clicking this button will take you to the Manage Transaction Limit screen.

Step 21 :

- On the Manage Transaction Limit screen, you will find options like ATM, POS, and ECOM.
- You can set the limit for each option, with a minimum of 1 and a maximum of 10,000.
- After setting the limits, click the Save button.
- A notification will appear confirming Successfully Updated Limit.

THANK YOU FOR USING GREEN PIN MOBILE APP.
